

Doggie

Chorus

**Doggie, why don't you come over here?
Doggie, why don't you come over here?
I wanna play with you and when we're through
I'll scratch you behind your ears
Doggie, why don't you come over here?**

Doggie, when you sniff I wanna sniff
Doggie, when you sniff I wanna sniff
Anything new comes by you
You take a great big whiff
Doggie, when you sniff I wanna sniff

Doggie, when you lick I wanna lick
Doggie, when you lick I wanna lick
You lick me just like I lick a popsicle on a stick
Doggie, when you lick I wanna lick

Doggie, when you sleep I wanna sleep
Doggie, when you sleep I wanna sleep
You lay in the sun where it's nice and warm
In a great big funny old heap
Doggie, when you sleep I wanna sleep

Doggie, when you bark I wanna bark
Doggie, when you bark I wanna bark
Chase that cat up the tree
And all around the park
Doggie, when you bark I wanna bark

Doggie, when you howl I wanna howl
Doggie, when you howl I wanna howl
Every time the siren whines
You throw back your head and yowlllll
Doggie, when you howl I wanna howl

Chorus

Come here doggie... come on, come on
I'm not gonna hurt you
Come on doggie... that's right
Yeah, nice doggie
Guess what, I've got a bone for you
But first you've got to race me to that tree
Ready, set, go...
