Integrity

Chorus
Integrity, Integrity
It's good for you, it's good for me
The best that we will ever be
Is when we've got Integrity

Do the right thing, cause it's the right thing to do
Even when you know nobody's watching you
Everyone should do it – a kid or a king
Cause when you've got Integrity, you do the right thing.

Chorus

Make the right choice, when there's so much to choose
Even when there might be somethin' big to lose
Everyone can hear it – it's in your voice
You're someone who's always gonna make the right choice.

Chorus

I – for Independence
N – for my good Name
T – for Tryin' all the time – I want folks to know that I'm
E – for Even-handed
G – for Good as Gold
R – for Real as Real can be
I – for Incorruptible – that's me
T – for Truthful to a "T"
Y not have Integrity?

Chorus

It isn't such a mystery
The world I want begins with me
Though I'm not perfect, I can be
A person with Integrity
