

Ready Set

Ready, set, here we go
Now clap your hands
And touch your nose
Pat your knees
And wiggle your toes
Put your arms way up in the air
Wave your hands
While you got 'em up there
Now bring 'em down
And tickle your tummy
Play peek-a-boo
And wave to Mommy
Cover your mouth
And don't say a peep
Now fold your hands
And go to sleep
Now turn your head
From side to side
Open and shut
Your beautiful eyes
Now rub those eyes
And pat your cheeks
Smile real big
With those pretty white teeth
Take a deep breath
Blow out the air
Shake your head
And ruffle your hair
Now turn you head
From side to side
Look out the window
And wave bye-bye
Bye-bye!
