

## On The Day You Were Born

---

On the day that Matthew was born  
On the day that Matthew was born  
On the day that Matthew was born  
The angles sang and blew on their horns  
And they danced, they danced  
They smiled and raised up their hands  
On the day, on the day that Matthew was born

On the day that Shayda was born....

On the day Alisha was born....

On the day that \_\_\_\_\_ was born...

Right now somewhere someone's being born  
Somewhere right now someone's being born  
Right now somewhere someone's being born  
And the angels are singing and they're blowin' on their horns  
And they're dancin', they're dancin'  
They're smilin' and raisin' up their hands  
'Cause right now somewhere someone's being born,  
Raisin' up their hands...  
On the day, on the day each one of us was born
